I’M GOING ON A MISSION!

WHAT IS MISSION DEFERMENT?
You might be awaiting your mission call or already have your call in hand! It’s an exciting time, but there are a few things that you need to take care of before you leave.

BASIC FACTS ABOUT DEFERRING:
1- The MISSIONARY CHECKLIST from OneStop makes it easy to make sure you don’t forget about any loose ends.
2- You need to have received your mission call before you defer.
3- Deferment forms are always submitted online.
4- Your deferment must be submitted before the end of the semester you were supposed to enroll in.

02 FERPA & Guest Access

WHAT IS FERPA AND WHAT DO I NEED TO KNOW?
FERPA stands for Family Educational Rights and Privacy Act. This law, passed by congress, protects your right of privacy regarding education records. This means that others can NOT access your personal information without permission, unless it is considered “directory information.” For more details click HERE.

These rights belong to you, not your parents. However, if you were claimed as a dependent on your parents’ income taxes last year, then BYU MAY release information to them with proper documentation. The best option is to give your parents GUEST ACCESS to your records.

WHY DO I NEED TO GRANT GUEST ACCESS?
Guest Access allows you to give another person proxy access to your BYU information. You can grant access to selected information including your Financial and Personal information, so your proxy may conduct business on your behalf, such as:

- Housing / meal plan payments
- Contact information updates
- Class registration questions

To grant guest access visit the GUEST ACCESS CHECKLIST.

A TV host does an experiment where he only says “yes” to people, then he runs into two LDS Missionaries.
