WHAT IS LEARNING SUITE?
Learning Suite is your online portal for BYU classes! Access your course assignments, discussions, and grades online at learningsuite.byu.edu.

Suite Features
FOR THE BEST LEARNING EXPERIENCE

LANDING PAGE
Personalize your landing page with the little blue cog at the top right corner of the page.

COMBINED SCHEDULE
Keep track of homework deadlines in every class. This is a great tool to use in your weekly planning!

COURSE CONTENT
Access class readings, powerpoints, and study guides as you prepare for a test.

DIGITAL DIALOG
Participate in online class discussions.

GRADES
Use the “What If Calculator” to calculate your final grade in a class. Read your professor’s comments on an assignment after they finish grading it.

SYLLABUS
Visit your professor or TA during their office hours.

Best Practices
TIPS AND TRICKS TO MANAGE LEARNING SUITE

MEET DEADLINES
Learning Suite is pretty sweet! But technical problems may occur now and then. Just to be safe, submit your homework a few hours before it is due. If you plan your week well, you could even submit it a day early!

PROFESSIONAL EMAILS
You can use the Email function in Learning Suite to communicate with your professor, the class TA, or other classmates. Think twice before sending an email to the whole class about getting class notes, etc. It’s better to make friends in the class and then message them directly.

01
Getting Started
LEARNING SUITE

GO TO LEARNINGSUITE.BYU.EDU
Explore your published courses for Winter semester. “Published” means that your professor has finalized the course details and made them visible to enrolled students. Get a feel for the class before you even step foot on BYU campus!

WATCH THE TUTORIAL.
Most professors use Learning Suite to collect homework assignments and post class announcements.

Click HERE to watch a 2-min tutorial to learn how to use Learning Suite.
