CAN’T WAIT FOR SUMMER?
We’ll help you start making plans! BYU has lots of opportunities for students over the spring and summer semesters. We’ll list some of them here.

01
Spring/Summer Semester
SCHOOL WITH WARM WEATHER

They say that BYU’s best kept secret is the Spring/Summer semester. You can take classes spring term, summer term, and/or spring/summer semester.

There are more scholarship opportunities and fun summer outdoor activities in Provo. And with less people on campus, you have a better chance of finding the campus job you want. You are considered a full-time student if you enroll in 6 or more credits (4.5 for graduate students) during spring or summer term.

You can find more info HERE to decide if Spring-Summer is for you.

02
Study Abroad
THE WORLD IS OUR CAMPUS

IT’S POSSIBLE
Over 1,500 students study abroad each year from BYU – be part of it.

IT’S AFFORDABLE
BYU programs cost about half the amount of other study abroad programs. Use your scholarship and financial aid to help pay for your program.

YOU CAN GET CREDIT
An academic program abroad will help you fulfill class requirements. Study under the tutelage of a BYU professor in another country.

IT’S AN INVESTMENT
Get a competitive edge in the job market with international experience. Become a better, more well-rounded person.

To learn more, head over to the Kennedy Center (237 HRCB) or click HERE to visit their website.

01
Attend Summit Conference
LEARN FROM THE PAST

This two-day conference allows BYU alumni to share their inspiring journeys and teach students how to make an impact in the world. Here’s the schedule:
